- Masters 2 Students from Outside France
- International Exchange Students from ENSIMAG and UFR IM²AG

UGA or INP? This is the question?

Whether you are registered at ENSIMAG or UFRIM2AG makes no difference. In either case, you receive the same diploma.

- Administrative registration: online

M2 AI – UGA students register with Stephanie (Building F, GF).

M2 AI – INP students register with Numa (Building C).

What are you going to do ?

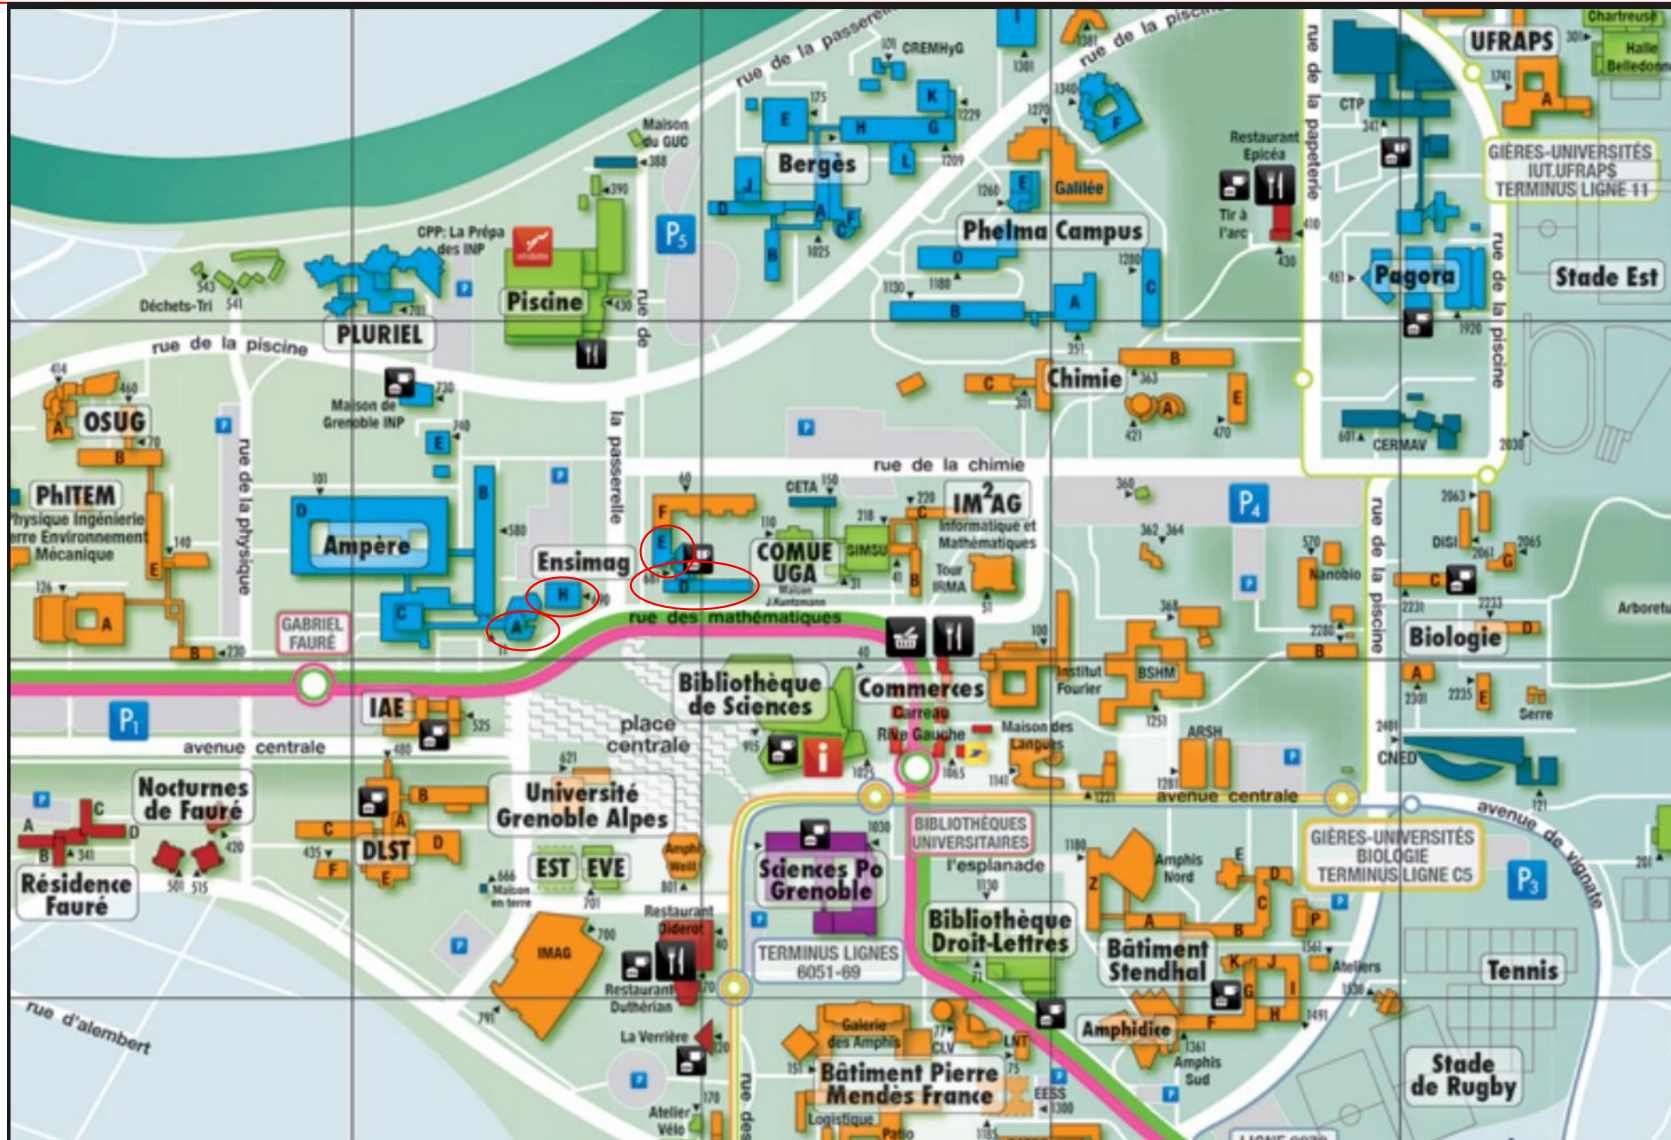

M2 AI is composed of 2 themes:

- **FAMML** : Foundations and Advanced Methods in Machine Learning
- **AAIIS** : Applied Artificial Intelligence and Interactive Systems

Fall Semester (Semester 9): 30 ECTS of exactly 18 ECTS
core courses in your theme + 12 ECTS in the other theme

- You should enter your course choices on the app !
- Classes: 22 September 2025 until 12 January 2026
- Exams: The last week of January
- « Second Chance » Exams:
 - M2 AI: in April 2026

Fall Semester courses take place at ENSIMAG buildings

What are you going to do ?

Spring Semester (Semester 10): Research Project (30 ECTs)

- Advisor and Research Project chosen by end of January 2026
- Project Contract signed before 9 Feb 2026
- June Session: Reports due before 14 June 2026 (23:59 hard-deadline)
- June Session: Project Defenses: week of 22 June 2026
- September Session: Reports due before 23 August 2026 (23:59)
- September Session: Project Defenses: week of 31 August 2026

What are you going to do ?

Spring Semester (Semester 10): Research Project (30 ECTS)

- Presentation of internships per specialization: **October 2025**
- You can choose either professional or research internship but your subject should be approved by M2 AI directors
- If you choose an internship outside Grenoble or in a company you have to ask a professor to be your tutor
- Once your subject approved you have to register, by choosing the date of your defense (June or August/September) and filling other information

<https://framaforms.org/m2-ai-internships-1757881745>

Without this registration your defense will not be programmed

Internship (evaluation)

- Your internship mark
 - accounts for half of your master grade.
 - includes the supervisor's evaluation, the external expert's review (for research projects) and the defense itself
 - Supervisor evaluation includes autonomy, involvement and dynamism
 - External expert evaluation includes the structure of the manuscript and judges its research quality
 - The jury is composed of the specialization' directors, the supervisor and/or the tutor and the external expert and the evaluation includes the presentation, the research quality of the work and the answers to the questions.
- If plagiarism is found, you can lose your scholarship or at the very least have to repeat your internship.

Juries

- Juries of Semester 9 (March 2025) and Semester 10 (June the 30th; Week of September the 8th) are **independent** of each other
- Validation of a semester
 - All **UE ≥ 10** -> OK!
 - **No UEs < 7** and semester **average above 10** -> OK!
(UE = teaching unit *e.g.* 1 course)
- You can retake an exam if the UE mark is < 10 (you may have to refuse the semester validation)
- If you are sick on the day of an exam, make sure to show a certificate to Stéphanie (UFR IM2AG) or Numa (ENSIMAG)

Registration Information (all other students)

- **ENSIMAG 3 Students**
Follow normal ENSIMAG registration procedures
- **Erasmus, International Relations**
Follow normal registration procedures explained by international relations office
- **If you are unsure how to register, ask now**

Please come see us at the end of the session if ...

- you have a scholarship,
- you have not yet filled the presentation paper,
- You did not receive the email for choosing your courses.

Thank you!

“Now this is not the end. It is not even the beginning of the end. But it is, perhaps, the end of the beginning.”

- Winston Churchill
